EXPERIENCE

Web Designer (Volunteer), Oakville Community Foundation

June 2025 – August 2025 · Oakville, ON

Redesigned the website for a local community organization to reach younger donors and volunteers, refreshing the look for a newer audience.

Audited the existing site and restructured its navigation so key pages were easier to find, laying the framework for a more accessible site.

Wireframed new layouts in Figma with a focus on simpler donate and volunteer sign-up flows.

PROJECTS

Nook, Capstone Project

Sheridan College · 0→1 mobile app

Led user research, usability testing, key user flows, and visual design for an app that helps young adults in Toronto find affordable, recurring third spaces where friendships can grow.

Designed a verified-host and ID check flow, built a design system (colour, type, components, imagery), a working Figma prototype, and a motion promo video.

CIBC Credit Card Spending Redesign

Personal project · Fintech · Mobile redesign

Redesigned the CIBC credit card home so cardholders can see where their money is going at a glance, separating current spending, posted and pending purchases, and statement balance.

Built reusable components for spending breakdowns and statement details.

SupplySync, B2B Supply Chain Web App

B2B SaaS · Supply chain

Designing a web app that keeps purchaser–supplier communication in one place so order updates, questions, and changes don't get lost between emails and spreadsheets.

Analyzed G2 and TrustRadius reviews of SAP Ariba and Coupa to find where existing procurement tools fall short.

PRESTO Missed-Tap Fare Redesign

Personal project · Transit · Mobile redesign

Explored commuter pain points and designed a simple, time-sensitive ticketing flow that lets riders buy a fare after a missed tap, helping prevent accidental fare evasion.
